### HEALTH OFFICERS' REPORT.

—o—

To the selectmen of Roxbury: We furnish the following report for the year ending Feb. 10, 1903.

On May 11, 1902, a complaint was received from Stillman Richardson, of Marlboro', that the source of his water supply situate in the town of Roxbury had been and then was polluted with decaying

animal matter to the danger of the health of himself and family and that the same was deposited therein with malicious intent or otherwise and allowed to remain there contrary to law. Upon investigation it was found that two horses were lying dead upon the land of E. A. Robbins, one of them partly in the brook and the other upon the bank thereof and allowed there to remain by Mr. Robbins, he not knowing that the water of the brook was used for domestic purposes. At the request of the board of health he immediately removed said offensive animals and buried them.

We wish to emphasize the fact that too much care cannot be used in regard to the disposition of dead animals, also decaying vegetable matter.

On Dec. 1st we were called upon to investigate a case of a sick cow and the services of a veterinary surgeon were called in but no decision was made of the nature of the disease, as the creature died and was soon buried.

There has been no contagious disease within our borders during the past year.

Dr. C. P. Bugbee, expenses visit to cow,	\$1 50
Almon A. Davis, expenses as health officer,	3 00
Cassius M. C. Phillips, expenses as health officer,	2 00

	\$6 50

Respectfully submitted,

ALMON A. DAVIS,  
CASSIUS M. C. PHILLIPS,  
CYRUS K. ELLIS,

Board of Health of Roxbury.

Four years ago, in consultation with the selectmen it was decided to try the use of drain tile for sluices upon our highways, putting in tile in place of wooden sluices as fast as wooden sluices should require renewing. At the present time the town has in use 14 eight inch tile sluices and one double 18 inch in place of the wooden bridge at the Nye brook on the Dakin road so called. It has proved a good investment. These sluices have required no attention, keeping themselves perfectly free from any accumulation of dirt or sediment and we recommend the use of such drains for all our highways. I recommend the town to take immediate action for the construction of an iron bridge to replace the wooden structure over the branch near the residence of William Mark.

Respectfully submitted,

CASSIUS M. C. PHILLIPS,

Road Agent

## TRUST FUND.

—O—

*To the Selectmen of Roxbury:*

We the trustees of the Ruel H. Kingsbury trust fund, respectfully submit the following as a report of such fund for the year ending Feb. 10, 1903.

In our last report we gave the worth of said fund as sixty-seven dollars eighty-nine cents. Since that time its worth has increased so that at the present time it amounts to the sum of seventy-five dollars sixty-seven cents. From the sum of eight dollars and eight cents reported as in the hands of the trustees and not invested, the amount of two dollars was paid for mowing out and trimming in the cemetery during the past year, leaving six dollars and eight cents still in our hands for future needs. We again thank all interested in the care of our cemetery for this assistance that the wishes of the donor of this fund may be maintained.
